## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Budget Committee held their final session on Feb. 16th and are recommending a total budget of \$210,127, deducting \$25,000 to be appropriated from surplus leaves \$185,127 to be appropriated by taxation as against \$174,604 for 1960, or a net increase of \$10,523. Increases in the following are recommended: Police, \$3,550 to \$3,825; Street Lights, \$4,700 to \$4,950; School Maintenance, \$106,150 to \$111,500; Social Security, \$1,150 to \$1,250; and Chamber of Commerce, \$200 to \$300. New articles: Paradise Sewer, \$3,500 4x4 truck, \$1,000; and Reconstruction of Chapman St., \$7,000.

Decreases are recommended in the following accounts: Civil Defense, \$200 to \$100; Hydrant Rental, \$1,534 to \$1,482; Town Dump, \$500 to \$250; Sidewalks, no recommendation; Capital Outlay (Schools), \$1,750 to \$1,000; Community Room, \$500 last year, none this year; Airport, \$250 to \$150; and Interest, \$2,100 to \$2,000.

Total increases plus new articles \$17,575, less decreases of \$2,052 leaves \$15,523 less \$5,000 additional from surplus or a total net increase of \$10,523. Based on the 1960 valuation this would increase the tax rate 1 1/2 mills. The 1960 rate was \$30.16 per thousand, the 1961 rate would be nearly \$32. per thousand. It is anticipated that there will be a small increase in the total valuation of the town, which will aid in keeping down the tax rate increase.

The Town Clerk has received the 1961 dog license forms, therefore anyone desiring to license their dog may now do so. Dog licenses are currently due and should be paid by April 1st.

Sincerely,  
Harold L. Bean

## MAKE FARM AND HOME WEEK RESERVATIONS NOW

Groups of Farm and Home Week visitors who want adjoining dormitory rooms should start planning right now according to Miss Velma Oliver, housing officer of the University of Maine.

As soon as the size of the group has been determined, room reservations should be made well in advance of the April 3 to 6 dates. Other than the problem of housing the social groups together, there will be plenty of rooms available.

The theme of the 54th annual Farm and Home Week will concern agricultural trends. More than ever the term agriculture is applied to the combination of cultural "know-how" for the production of crops and the economic knowledge required for good handling, packaging, and merchandising of any crop. Farm and Home Week is a form of "refresher course" for the modern agriculturist — four pleasant days in which he can take in a variety of lectures, panel discussions, and personal conversations with leaders in teaching, extension and research.

The women's program for the 54th annual Farm and Home Week will offer a wide variety of subject matter. The program chairmen have made a special attempt to follow suggestions of audiences and participants in previous years' programs in selecting good speakers on topics of interest to the modern homemaker.

Distribution of the printed program is planned for the first week in March. Copies will be sent to all who registered during Farm and Home Week last year.

Information about this year's events can be obtained from the Farm and Home Week Committee, Rogers Hall, University of Maine, or from Extension County Agents throughout the state of Maine.

## TRAFFIC LAW VIOLATIONS FEATURE ALL ACCIDENTS

"Don't learn traffic rules by accident," the State Police caution.

"A traffic violation can mean more than a ticket, a warning, or a fine," continued the enforcement group. "Too often, it means murder! Many times a motorist laughs off what he terms a 'minor violation.' The difference between a 'minor violation' and a serious accident is often only a fraction of a second or a few inches.

It is the duty of every motorist to know traffic laws and to observe them. No one can afford to drive, ignorant of the rules of the road. No one can depend on the other fellow to cover up for him, to compensate for his lack of knowledge. Everyone must accept his share of the responsibility. He cannot do this, if he is ignorant of the law.

"In almost all traffic accidents, at least one violation of a traffic law or of a safe driving practice is reported. Careless and heedless traffic behavior is just as deadly as willful disregard of traffic laws.

"The ordinary individual does not commit other crimes through negligence. He does not kill, burn, rob—just because no one is watching him. If we can get people to look at traffic laws with the same degree of moral responsibility," concluded the police, "we shall be well on the road toward a much higher degree of safety on our streets and highways."

Brian McCrodden is visiting his grandparents, Mr. and Mrs. Arthur Herrick, this week.

## GAME DIVISION RELEASES ANALYSIS OF 1959 LEGAL DEER KILL IN MAINE

Those Maine hunters who shot their deer after only a few days hunting in 1959 were luckier than the average. An analysis of the 1959 legal deer kill, made by the Maine Dept. of Inland Fisheries and Game, points to 27 days as the average number of hunter-days per deer killed.

Regional measures of hunting success, number of hunters, and hunting effort were compiled by Deer Investigations Leader Chester F. Bannasiak. The analysis was made through study of the known registered deer kill and a postal survey of a 7 per cent sample of all hunting license buyers. This is the first time the Game Division has measured hunting effort with the annual game kill questionnaire.

The record kill, 41,735 deer in 1959, average 1.4 deer for each of the state's 30,411 square miles. Hunter success was 28 per cent; that is, 28 hunters out of every 100 shot their deer.

Copies of the report, which contains maps and tables giving a clear picture of the 1959 kill and its distribution, may be had by writing to the Game Division, Maine Dept. of Inland Fisheries and Game, State House, Augusta, Maine.

## TOP U. S. CROSS COUNTRY STARS SET FOR RUMFORD WINTER CARNIVAL

An impressive group of some of the finest cross country runners in the United States is expected to convene in Rumford through the earlier portion of next week to train on the new Black Mountain 15 kilometer course at the new Chisholm Ski Park in preparation for the 37th annual Rumford Winter Carnival—Invitation Ski Jumping, Cross Country and Nordic Combined—March 4 and 5, according to John Roderick, Chief of Race.

"Many plan to remain in the area to compete in the Eastern USEASA 15 kilometer Cross Country and Nordic Combined Championships and the National USEASA 30 kilometer Championships to be held in Andover (Maine) the following weekend," he added.

Among the top ranking Class

Also, from the Finnish Ski Club, Erkki Kaumirto, first and second place winner in most of this season's meets; Wayne Fleming, one of the top ten Class A competitors; and Olavi Yli-Tokola, a promising Class B runner who placed first in the 15 and 30 kilometer events at Mt. "We're anxiously awaiting their opinions on our new Black Mountain facilities,"

## LETTERS TO THE EDITOR...

To the Editor:

First, I would like to say that I think the recent criticism about your printing a letter was unwarranted. Most people understand that because you publish a letter it doesn't necessarily mean that you agree with the author. It certainly adds interest and spice to the paper.

Last week we all received our Town Reports. Years ago the Report was very interesting reading and certainly gave the taxpayers a more complete picture of the Town and where the money for our taxes was going as well as the vital statistics of the town.

Some time ago the marriages and birth were deleted from it and we all missed that. I'm sure I'm putting it back in. Also, there used to be a much more complete information on the expenditures of maintaining the town roads and the wages of the employees, etc. Now this year we have no information printed on teachers' salaries, only the total amount. As this is such a large expense and there is such a natural interest in the figures,

We have received an interesting "Letter to the Editor," signed A Bethel Taxpayer. It is necessary that we know the author of such contributions, even when the name is not published. However because of the many letters whose writers request omission of their names, it seems best to publish only those bearing the name of the author. Such letters must meet the ordinary standards of newspaper practice, and we may not the members to contribute to the paper's reputation.

Last week I filed my nomination paper for re-election to the office of Selectman and Assessor.

Since that time I have become aware of a rumor being circulated accusing me of changing property records to benefit myself.

Whenever, in the course of my duties, it has been necessary to change the records to correct the valuation because of an increase or decrease in value, it has been done with the full knowledge and assent of a majority of the Board. For those who have heard the rumor and have any doubts concerning my integrity, I would be more than pleased if such persons would check the records at the Town Office and ask any questions relative to the above that they wish.

Hurton L. Newton

I, for one, think this is going too far. I fully realize that more pages in the report would cost more money but I think it would be money well spent and that the taxpayers are entitled to this information.

Demanding an increase in salaries each year, the teachers should welcome the townspeople knowing what their compensation is for teaching our children and therefore might receive more support for higher salaries.

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Thursday, February 23

Read Romans 11:1-6

He fell to the earth, and heard a voice saying unto him, Saul, Saul, why persecutest thou me? (Acts 9:4.)

When I was a pastor in Lapland, a man stopped me on the street one day and asked to talk with me. We went to my home. He told me how God had spoken to him during a hike in the mountains. He told of his sins and of his decision to begin a new life. "Let us go down to the church altar and pray," he suggested, after had told his story.

As we entered the church, he looked up at the ceiling and said, "I worked here as a carpenter when this church was built. Because I hated the church then and didn't like seeing this building constructed, I said more curses than there are nails in this building."

Prayer: Lord Jesus, Thou canst convert a persecutor and make of him a follower. Reveal today Thy power to change the hearts and minds of those who these days go astray. Grant us courage to witness to Thee and to guide others to find in Thee forgiveness of their sins. In Thy blessed name we pray. Amen.

CANCER WORKSHOP AT BETHEL — In attendance last week at an Oxford County workshop of the Maine Cancer Society were, left to right, Mrs. Maynard Gray, Peru; Mrs. Robert F. Bradford, Dixfield; Mrs. Bernhard K. May, Rumford; Mrs. John W. Trinward, Bethel, and Mrs. Richard N. Bryant, Bethel, North Oxford County chairman. Dr. John Young, Bethel, and Miss Velma Spencer, Public Health Nurse, Rumford, spoke on cancer and its problems.

PREJUDICE!  
What's That?

Well, son... prejudice is an infection of an attitude that tears away at the hearts and minds of men who want respect for themselves but are not willing to give it to others. They have the idea that because of the color of their skin, religion or national origin... they have more rights than others do. Many people who are prejudiced won't admit it. They say they believe in Brotherhood, but don't act that way in dealing with people. For you I pray... that you will learn about Brotherhood first, so that the infections of prejudice will not be able to claim you. I pray that you may grow up in a world free of petty hatreds, discrimination, bigotry and prejudice. That your world will be one of love and understanding among all people everywhere.

### FOR TEENAGERS ONLY!!

#### MT. ABRAM OFFERS DANCING AND SKATING

The Lodge at Mt. Abram Ski Slopes has been "rockin' and rollin'" for several Saturday nights now. The Cross Brothers and their wives sought a way to end a teen-age problem of "where to go" and "what to do"; therefore after the last car leaves the parking lot on Saturday afternoons the management scurries around preparing the Lodge for the Record Hop and Skating Party which starts promptly at 7:30 p. m. The tables are pushed back, the fireplace lit and the jukebox and phonograph are made ready for the youngsters. The skating rink needs no preparation other than the flick of the light switch which is then adequately illuminated. The wives check the cafeteria to make sure it is well stocked with hot chocolate, soda, chips, hamburgers, etc. catering to the teen-age appetite.

Each week door prizes, dancing and skating prizes are presented to those who attend and participate. A King and Queen are selected to reign over each affair.

These dancing and skating parties which are well chaperoned provides a healthy outlet for the energetic teen-ager. So far attendance and the "cry for more" warrants the continuance of these dancing and skating parties. The Cross Brothers are pleased that these affairs are approved by the parents and know that the teenagers enjoy them.

Although weather reports scare away skiers, conditions at Mt. Mount Abram Ski Slopes remain good.

King and queen at the record hop at the ski slope lodge Saturday evening were Donnie E. Young and Charlene Rice. Spot dance: Doug Bane and Barbara Hascall. Door prize: Carol Kimball.

## New '61 Chevy with Jet-smooth ride!

Impala 4-Door Sedan--Jet-smooth ride that treats the luxury car on everything but price

The '61 Chevy loves to go because it goes so well. Purrs along pavements like a happy tabby. Takes rough roads in stride and all roads in style. Just why does a Jet-smooth Chevy treat riders as royally as the high-priced luxury cars? It all came about through a delightful blend of Full Coil suspension, precision-balanced wheels, unique chassis cushioning, and a superb Body by Fisher insulated to hush away road sounds. All this adds

up to less sway, less bounce, less dip, less drive, less tilt, less noise, less... well you name it.

Now combine this Jet-smooth ride with conveniences to pamper you and roominess to relax in. Add a full measure of quiet good looks. Voila, you've got Chevy's formula.

And the proof is in the riding. When you sample a Jet-smooth Chevy at your Chevrolet dealer's we think you'll find it just to your taste.

### LETTER TO THE EDITOR

Board of Directors  
Bethel Jaycees  
Bethel, Maine  
Feb. 20, 1961

Editor  
Bethel Citizen  
Dear Sir:

The Jaycees are known the world over as an organization of young men at work building for themselves and their community a "life" instead of a living.

In order to show the citizens of Bethel that their Jaycee Chapter is working for them as well as themselves we offer this report for publication.

The Jaycees as of this writing have 22 members, five less than at this time last year. The reasons for the decline in membership are in part the following, moved to other towns, not wanting to enter community service, dues too high, and too busy with other activities.

As of this writing we have completed or are working on the following projects.

Held an Easter Egg Hunt for the first 4 grades of the primary school. Chairman, Rudy Royer.

Donated 50 star flag to the town of Bethel.

Have run two get out the vote projects. Chairman, Larry Davis.

Sponsored a car wash for the benefit of the Bethel Health and Service Council at their Dazzar. Chairman, Sonny Blake.

Sponsored Santa's visit to Bethel for the kiddies.

A boat launching ramp has been started at Songo Pond and will be completed this spring. Chairman, Henry Swan.

The community rooms were painted with the Jaycees furnishing the man power, the town the paint. Chairman, Keith Collins.

Two free polio clinics have been held with 150 persons receiving shots. The third is planned for March. Chairman, John Greenleaf.

A Christmas lighting contest was held with Thomas Carter as Chairman.

A project called Toys for Tots was a great success. Used toys were collected and repaired and presented to the Bethel Health and Service Council for distribution to needy children in the area. The Health Council and the Jaycees also donated \$25.00 each toward the purchase of new toys and games for the older children.

Chairman, Gayland Dooen. The Firemen's room has been painted and once again Keith Collins was chairman of the paint detail.

The Miss Oxford County Pageant is now in full swing which we feel will be one of the best shows staged in the state of Maine. Chairman, Henry Swan.

A committee is now hard at work planning for the Teenage Road-E-O which is to promote safe driving for our Teenagers. Chairman, Gayland Dooen.

We have four more projects that will be completed before June 1st, but no information for publication at this writing.

The State director and local President have not been idle in state affairs. In August they drove to Houlton and attended the State Board and State Planning session. Your State director was assigned to the State membership committee and presented several ideas which were adopted. The Local President was assigned the By-Laws committee and was in session from 1 p. m. Saturday until 2:45 a. m. Sunday morning.

As a result of this and other district and State Board meetings Jaycees the state over know that Bethel is on the map and what it has to offer a visitor or business.

Through his nomination by the Bethel Jaycees Stanley Davis was selected as one of the three outstanding young men in the state of Maine.

In carrying out these projects and promoting Bethel this year the Jaycees have donated better than 1000 man hours. They have spent in dollars and cents on these projects and promotional work the sum of \$381. With the Miss Oxford Pageant coming up it will top \$1000.00 that we will have spent.

Yes, your Jaycees are working for you but not without your help. This is why as we close this report we thank you the people of Bethel for the generous help you have given us in both time and money.

## IN AND ABOUT BETHEL

Timothy Bennoch, son of Mr. and Mrs. Wesley Bennoch, arrived home Saturday from Children's Hospital, Boston, where he was taken after breaking his leg in a sliding accident.

The Cotillion Club held their annual dance party at the William Bingham Gymnasium on Wednesday evening, Feb. 22. Each member invited a guest. The different types of dances were demonstrated. Refreshments were served. Chaperones were Mrs. Stanley Andrews, Mrs. Albert Bean, Mrs. Jack Trivard. This was sponsored by Susan Farrar School of the Dance.

The wintry weather promised by Candlemas Day has not arrived yet. Since the cold spell which ended the first of the month it has been mostly fair and with several warm days. Two snowy days last week caused little inconvenience, but a little rain which continued into a cooler period Saturday evening made roads slippery and unsafe. In general the past three weeks have been more like March than February.

### REV. HURTON LINSOTT HONORED FOR DISTINGUISHED SERVICE

At a recent dinner at the Convocation of the Diocese of Hawaii, Bishop Harry S. Kennedy presented Rev. Hurton L. Linscott with the Bishop's Distinguished Service Cross, which is only presented to those who have contributed far beyond the call of duty to the betterment of the Church within the Diocese of Honolulu.

The citation reads as follows: "To a Presbyter of the Diocese, who was the first priest ordained by me, who is still residence in our Diocese. For his 16 years as a missionary in the Hawaiian Islands, first on the Island of Hawaii and later as a Vicar in Honolulu. We commend him for bringing his congregation to the status of a full, self supporting parish, for his leadership in education in developing a fine parochial school, for his wise management in enabling his congregation to erect one of our outstanding educational buildings, for his leadership as a faithful missionary priest and schoolmaster, we honor him with the Distinguished Service Cross of the Missionary Diocese of Honolulu."

Rev. Linscott is the husband of the former Genie Saunders of Hanover.

### CARD OF THANKS

I would like to thank all those who have been so kind to me while I was in the hospital and since my return home. I would especially like to thank all those at the Sunday River Skiway who helped me so much and have been so thoughtful. I would also like to thank the group who presented me the skis after my first accident. This was also very much appreciated.
